Delta
SPECIFICATION

- Floating desktop design made from 25mm grade E1 melamine faced high density particle board.
- A strong goalpost frame provides stability.
- A straight modesty panel is available to purchase separately for goalpost frames.
- Pedestal supporting desks include a distinctive, and curved design with a colour contrast finish creating an attractive feature for freestanding configurations.

CABLE PORTS

- All desks feature two white round cable ports. Two round cable ports are built into the supporting and 800mm desk high pedestals as part of the cable management system.

CABLE MANAGEMENT

- Cable management trays are available separately.

PEDESTAL SPECIFICATION

- 25mm top and drawer fronts with an 18mm unit.
- Silver bar handles.
- Mobile under desk pedestals have castors as standard.
- Desk high pedestals have height levelling feet as standard.
- Pedestal supporting desks and 800mm desk high pedestals feature twin cable ports and a 'hidden' back panel for neat cable management.

'Hidden' back panel is ideal for neat and tidy cable management.

ATMOSPHERE
SELECT

Features & Details

Atmosphere Select offers flexibility and freedom to create a stylish, customised look. Uniquely, the leg frame includes a wooden infill detail to coordinate with the desk surface. A perfect choice for a distinguishing identity within the office environment.

- Unique design styling with wooden infill leg frame detail.
- Curved wood or patterned metal modesty panel.
- Choice of configurations and coordinating pedestals.
- 25mm panel ends and worksurfaces.
- Optional cable management.
- Integrated meeting tables.

DESK SPECIFICATION

- 25mm desk top and panel ends made from grade E1 melamine faced high density particle board.
- 18mm curved wood or patterned metal modesty panels.
- Bow fronted worksurface available.
- Round metal corner posts in Silver as standard, alternate choice available.
- Corner posts for metal modesty panels will be colour matched to the modesty panel.

CABLE PORTS

- All desks are supplied with two round, silver coloured cable ports.

CABLE MANAGEMENT

- Horizontal cable management trays are available to purchase separately.
- Cable trays can be mounted inside or outside of the modesty panel.

ATMOSPHERE SELECT

Available with a wide choice of configurations and shapes, Atmosphere Select desks and workstations can be specified with a curved 18mm wood modesty panel. Alternatively, for a contrasting 'twist', a patterned metal version is available.

The optional cable management trays can be mounted inside or outside of a modesty panel.

The Atmosphere Select range is part of the newly reimaged Atmosphere brand. Our inhouse design team has undertaken a review of the portfolio to introduce choice to reflect the corporate interior. Alternative finish combinations are available upon request.

ATMOSPHERE
WORKPLACE

Features & Details

Atmosphere Workplace's visually striking, contemporary design is complemented by the range of configurations to create functional workspaces. Fully integrated floor to desk top cable management is also available.

- Contemporary design styling with a patterned metal leg frame cover.
- Curved wood or patterned metal modesty panel.
- Choice of configurations and coordinating pedestals.
- 25mm panel ends and worksurfaces.
- Optional cable management.
- Integrated meeting tables.

DESK SPECIFICATION

- 25mm desk top made from grade E1 melamine faced high density particle board.
- 18mm modesty panels.
- Bow fronted worksurface available.
- Round metal corner posts in Silver as standard, alternate choice available through our bespoke service. Corner posts for metal modesty panels will be colour matched to the modesty panel.

CABLE PORTS

- All desks are supplied with two round, silver coloured cable ports.

CABLE MANAGEMENT

- Cable management trays and a cable riser are available to purchase separately.
- Cable trays can be mounted inside or outside of modesty panel.

SATELLITE
CANTILEVER

Features & Details

The practical 'work horse', Satellite Cantilever offers a comprehensive range of options to create group workstations or standalone desks as well as optional meeting points. With a choice of finishes to complement workspace interiors, Satellite's robust frame is complemented by 25mm worksurfaces.

- The Workplace Workhorse – practical and robust.
- Flexibility and Choice – wide range of sizes, configurations and styles to create custom-design spaces.
- Cable management available.
- Sturdy design.
- 25mm worksurfaces.

SPECIFICATION

- 25mm top made from grade E1 melamine faced high density particle board.
- A straight wooden modesty panel (2 panels with a crescent desk) as standard.
- Height levelling feet are supplied.
- A metal corner leg for stability, crescent desk only.

CABLE PORTS

- All desks are fitted with two grey rectangular cable ports (white desktops have white cable ports).
MEETING POINT SPECIFICATION

- 25mm desk top.
- Round legs.

PEDESTAL SPECIFICATION

- 25mm top with an 18mm unit and drawer fronts.
- 25kg drawer runners.
- Narrow pedestal available, 18mm complete unit.
- Integral central locking, 2 keys are supplied.
- Silver bow handles.
- Height levelling feet / castors are supplied.

A COMMITMENT TO SERVICE

Dedicated Customer Service

The values of Integrity, Commitment, Development, Accountability and Teamwork underpin the culture and aspirations of the Company. We strive to design and develop an extensive portfolio of quality products which combine aesthetics and practicality to offer Best Value solutions. The ongoing monitoring of every aspect of the business ensures we are able to implement continuous improvements to maintain our determined commitment to customer service.

Inhouse Delivery Fleet

We operate and manage our own delivery fleet and are targeted for accurate, on time order fulfillment. Rapid turnaround is guaranteed by our weekly scheduled deliveries and, on many items, we also offer a 'Quick Ship' service. Standard deliveries are free of charge with next day delivery on stocked items or customer collection (with 24 hours' notice) also available.

- Quick Ship: Products delivered within 5 working days from your order deadline date.
- Group A: Products subject to a longer lead time (typically 3 weeks).

Extensive Stock Holding

Our 200,000 square feet manufacturing base includes an extensive warehousing facility. We hold stock of an estimated 50,000 items including raw materials and finished goods.

This substantial financial investment provides a further demonstration of our determined commitment to the highest levels of customer service.

INHOUSE EXPERTISE

Bespoke Design

Unlike many manufacturers, we are able to develop customised solutions to match each client's precise requirements. With its own production unit and dedicated team, our Bespoke department can design and manufacture products from original 'sketches' or develop existing range items to customised specifications.

Your dedicated account manager, together with a member of the Bespoke team, will work with you to develop a solution to match your requirement and budget.
Planning & Design

Our highly experienced designers are available to offer expert space planning and design services. Working from simple sketches or architect plans, we can recommend product choice, configurations and finishes to match desired outcomes and available budget.

We are able to advise regarding effective space utilisation and also work collaboratively to consider lighting, team requirements, storage as well as existing building services and future reconfigurations of any environments.

CGI Expertise

We have an extensive library of product images together with a portfolio of 3D CAD files. Customers can download files from our web site or upon request.

The wide choice of CGI, photo-realistic room scenes can help visualise proposed interiors, colours, and designs.
Sales & Customer Support

We know relationships are important. Our nationwide sales team offers 'face to face' meetings to provide expert support, advice and guidance as well as facilitating access to our extensive inhouse services including customised marketing materials, product samples and collaborative events.

Each and every order is carefully monitored and tracked by our customer services team. Fully trained advisors provide a dedicated point of contact to manage queries and requests as well as full after-sales support.

4
A COMMITMENT TO QUALITY

Continuous investment in facilities and training, coupled with a dedicated workforce and strong supplier relationships, ensures the quality, consistency and reliability our customers expect. The management and measurement of our internal processes and procedures drives our quest for development and improvement and, therefore, ongoing customer satisfaction.

We have an established reputation for the supply of robust, quality products. We design and manufacture to comply with relevant British and international standards – covering dimensions; ergonomics; strength & stability; moving parts; fire regulations; and electrical systems. The inherent strength and durability means that our products will withstand the rigours of daily 'wear and tear' thus extending the lifecycle. Our furniture includes a 7-year guarantee (unless specified).

Copies of our credentials and certifications are available at **leeandplumpton.co.uk**

RESPONSIBLE MANUFACTURING

As a major manufacturer, we recognise our responsibility to consider all areas of our business in terms of environmental impact. From management, administration and product design through to facilities management and logistics together with manufacturing processes and procedures, we strive to introduce positive changes to protect the planet.

Our efforts embrace the full spectrum of business activities including reductions in carbon emissions through to waste prevention, recycling initiatives, transportation, investment in solar power and procurement practices. Sustainability and circularity principles are embedded within our product design and development processes. We are committed to minimising our carbon impact and working towards a greener future.

Environmental Management

We measure and assess our efforts through our integrated Environmental Management System. Registered to ISO 14001: 2015, our system incorporates clear objectives which are monitored and measured through a documented programme with regular reviews for continuous improvement.

Chain of Custody

Our Chain of Custody certification (COC) with the Forest Stewardship Council® (FSC®) represents the unbroken path that certificated products take, from the sustainably managed forests of origin, to the consumer.

Sustainability

Created in 2006, the Furniture Industry Sustainability Programme (FISP) has become established as the furniture industry forum on all environmental and sustainability issues. These considerations relate to all aspects of the industry's business, from purchasing and procurement through to end of product life, including social, ethical and employment concerns as well as waste, energy and emissions.

We have achieved full membership of FISP and this enables us to focus on reducing our social and environmental impact. We have been proud members of the Furniture Industry Sustainability Programme (FISP) since 2007. Membership is subject to regular independent re-audits to monitor our continuing commitment.

Energy Management

Our energy management strategy includes a number of practices to minimise usage throughout all areas of the business. In addition, in the last year our solar panels have generated over 160,000 Kwh of electricity. Nearly half of the output is returned to the National Grid – sufficient to power 26 three/four bedroom homes for a year.
