**X2**

# X2

## VERSATILITY AND FLEXIBILITY ARE THE STARTING ELEMENTS OF THE NEW LINE X2

The modular components give you endless possibilities to work out different compositions in order to solve any need, from the workstation to the executive desk.

Versatilità e flessibilità rappresentano gli elementi di partenza progettuali del sistema X2.

Gli elementi costitutivi offrono possibilità infinite per realizzare composizioni particolari, concepite espressamente per risolvere ogni esigenza, dall'operativo al manageriale.

# FROM THE SINGLE DESK TO THE OPERATIVE BENCH

X2 is a flexible line with different solutions.

X2 develops itself around a structure with endless connections and components.

Dal posto di lavoro singolo al bench operativo, X2 è un sistema che si presta a continue trasformazioni perché si sviluppa intorno ad una struttura dalle infinite connessioni e componenti.

THE SHARING SYSTEM OF  
THE STRUCTURE ALLOWS TO MULTIPLY  
the tops getting different compositions  
keeping the same quality and practicality.  
Il sistema di condivisione della struttura consente la  
moltiplicazione dei piani dando vita a composizioni variabili  
nella forma e costanti nella qualità dell'operatività.

# THE OPERATIVE BOX EXPANDS FUNCTIONALITY AND WORKING SURFACES.

Desks integrated with boxes equipped with flip-up covers for the cable management and sliding door.

Il sistema contenimento estende la sua funzionalità per divenire base della superficie lavoro. Le scrivania si integrano ai box operativi attrezzati con sportelli per il cablaggio e caratterizzati dalla grande anta scorrevole.

# THE OPERATIVE BOX WITH CABLE SYSTEM ALLOWS AN EASY MANAGEMENT

of cables in the workstation. The top access with flip-up cover  
integrated in the box contains all electrical sockets:  
connect you workstation in the best way.

Il box operativo con cablaggio permette di canalizzare  
le superfici di lavoro in modo rapido ed elementare.

Il top access, integrato al contenitore, può ospitare le scatole multi presa:  
connetti la tua postazione di lavoro nel modo migliore.

# THE STRUCTURAL DETAILS OF THE LEG AND ITS MODULARITY

create a new concept of operative space. Different types of screens, light and simple, divide the various working areas with discretion.

La particolarità strutturale della gamba e la sua modularità genera un nuovo concetto di spazio operativo. Schermi di varie tipologie, leggeri e non invasivi, separano con discrezione le varie aree di lavoro.

The efficiency of X2 allows you to set up complex and functional working areas.

From simple integrated elements, you can get, step by step, modular desks and also aggregated and side by side desks.

L'efficienza del sistema permette di configurare postazioni complesse e funzionali. Da semplici elementi integranti con gradualità si arriva a scrivanie modulari ed a postazioni aggregate e contrapposte.

The complexity of requested solutions and the different needs have prompt replies even in compositions with shaped tops, an ergonomically correct way to work out complex aggregations through the use of few structural elements. La complessità delle soluzioni richieste e i diversi bisogni trovano risposte puntuali anche in soluzioni con piani sagomati, una maniera ergonomicamente corretta per realizzare aggregazioni complesse con l'utilizzo di pochi elementi strutturali.

# THANKS TO THE VERSATILITY OF THE ELEMENTS, THE OPERATIVE BOX CAN

create single or multiple workstations. The structural elements can be integrated to the accessories rail with flip-up covers that host sockets and connections.

Grazie alla versatilità degli elementi contenitori si possono creare postazioni singole o multiple, in cui gli elementi strutturali di contenimento si integrano al binario attrezzato con i vani passacavi, che ospitano prese e connessioni.

# X2 IS ALWAYS ABLE TO GUARANTEE SOLUTIONS OF HIGH QUALITY

Integration between the working place and screens define new sceneries and matches in spaces giving the best support to the evolution of the working needs.

X2 è sempre in grado di garantire soluzioni di qualità.

L'integrazione tra il posto di lavoro e gli screen definisce nuovi scenari e si coniuga in spazi supporto ottimale all'evolversi delle esigenze lavorative.

Wide tops, endless compositions, the warmth of wood, the care of design and the search of materials to look beyond the known horizon and to find new ideas and solutions more and more evolved.

Piani ampi, duplicabili all'infinito, il calore del legno, l'attenzione al design e alla ricerca dei materiali per guardare oltre l'orizzonte conosciuto e trovare nuove idee e soluzioni sempre più evolute.

# THE EXECUTIVE DESKS PREFER RICHNESS AND PLEASANTNESS

of the material and the elegance on shapes.  
X2 interprets the needs of the evolved  
manager with perfection, functionality and  
tough aesthetic impact.

Le scrivanie direzionali privilegiano ricchezza e  
piacevolezza del materiale ed eleganza nelle  
forme. X2 interpreta con raffinatezza,  
funzionalità e forte impatto estetico  
le esigenze del manager evoluto.

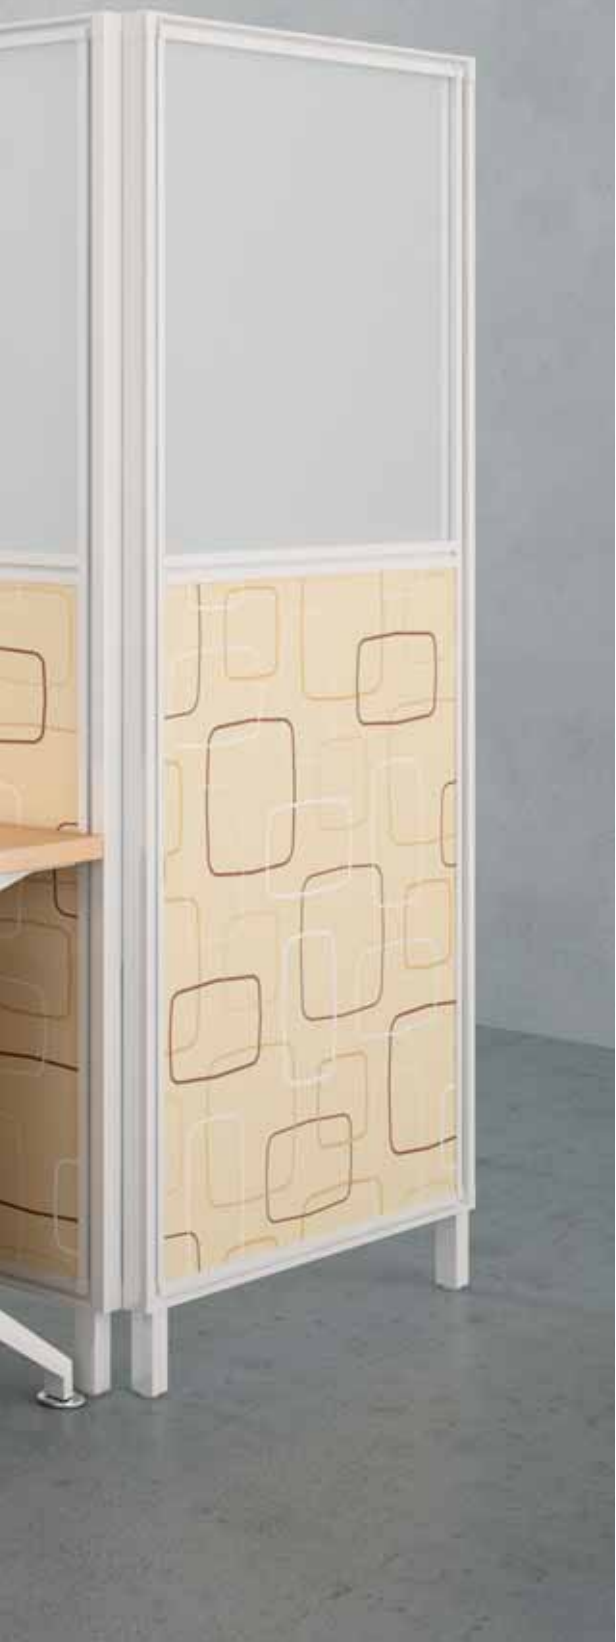

Screens have been designed with the logic of overlapping sections which create 3 heights and 7 widths. This feature makes easy aggregation and diversification of materials. Screens allow you to work out personalized and reconfigurable working areas.

Gli screen sono progettati con la logica delle fasce sovrapposte che generano 3 altezze e 7 larghezze. Tale caratteristica crea semplicità di aggregazione e diversificazione di materiali. Gli Screen permettono di realizzare spazi personalizzati e riconfigurabili.

# STEADY GEOMETRY, ELEGANCE AND WELCOME.

The dynamic aggregation of screens and of work tops make a system of receptions which becomes an emotional furnishing concept, a welcoming impact which let you understand the company style.

Geometria decisa, eleganza e accoglienza.

La dinamicità di aggregazione di screen e piani di lavoro crea un sistema di receptions che diventa elemento d'arredo emozionale, un impatto empatico che si traduce in percezione dello stile aziendale.

A suitable availability of modularity, accessories, complements and finishes, allow you to get answers in real time and all together gives you an image of high elegance.

Un'adeguata disponibilità di modularità, accessori, complementi e finiture, consente di rispondere in tempi reale alla richiesta funzionale del ricevere. L'insieme diventa così rigoroso e puro che offre un'immagine di rarefatta eleganza.

Shapes, finishes and materials join together to make meeting tables with several sizes and wide modularity. In this case technology is serving shape and guarantees elegance of proposal and the uttermost in functionality.

Forme, finiture e materiali si uniscono sapientemente per generare tavoli riunione dalle molteplici dimensioni e dalla vasta componibilità. In questo caso la tecnologia si mette al servizio della forma e garantisce eleganza della soluzione e il massimo della funzionalità.

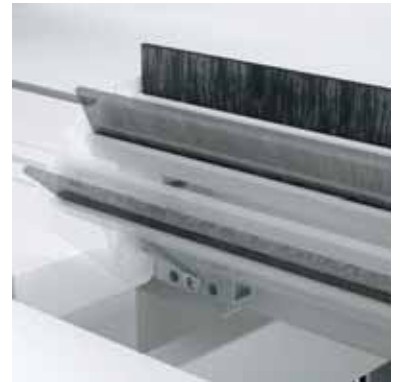

CEREBITY

The flip-up cover on the desk and on the operative box allows an easy inspection of the cables. Detail of the soft-closing system of the flip-up covers and the pedestal inside the operative box.

Gli sportelli apribili sulla scrivania e sul box operativo permettono la completa ispezionabilità del vano cablaggio. In evidenza il sistema di chiusura soft inserito negli sportelli e la cassetteria all'interno dell'anta scorrevole.

Containing and storing: the everyday need to create order finds solution in the storage systems with melamine or metal structure.

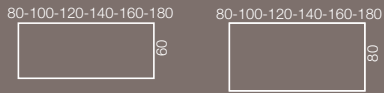

Contenere e archiviare: la necessità quotidiana del "creare ordine" trova soluzione nei mobili con struttura melaminica o metallica.
