

PRODUCT OVERVIEW

An unrivalled range of seating solutions

An unrivalled range of high quality seating solutions dedicated to improving your working environment.

PSI operates from a 100,000 sq.ft manufacturing facility in Blackburn, Lancashire. The comprehensive portfolio of seating solutions meet the aesthetic and functional requirements of any workplace environment whilst guaranteeing value for money.

Design and comfort

High standards of design, comfort and quality are reflected throughout the entire range whilst careful consideration has been given to ergonomics, functionality and durability.

Whether creating a stylish reception or contemporary office environment PSI delivers a versatile collection of seating that can be tailored to meet your requirements and project budget.

Environmental

In pursuing our business activities we all have a responsibility to the environment. To meet our own high standards we undertake a comprehensive waste management programme, successfully reducing waste and landfill by almost 85%. In addition, all PSI seating products are manufactured from carefully sourced materials and are 100% recyclable.

Partnership

We believe the key to success is building strong partnerships with our customers. Our customer service team can use their in-depth product knowledge and experience to advise on suitable products to achieve practical and cost effective seating solutions.

We also work closely with all our suppliers, ensuring every stage of the supply chain process meets our rigorous quality standards and environmental aims.

Choice

At PSI we believe any business or organisation is unique. In most instances our products can be specified in a fabric or material finish of your choice and combined with accessories to make your office seating as individual as your business.
